Harmony™ XVC Tower Lights

Pre-wired and pre-assembled one-piece construction for easy installation.

The Schneider Electric line of Harmony™ XVC Tower Lights offers pre-wired, one-piece construction with five color combinations and integrated buzzer options in 40mm, 60mm and 100mm diameters. The entire XVC range meets IP54 (NEMA 12 and 3R) degree of protection.

Save installation time and money with the pre-wired, color-coded, one-piece construction configuration and eliminate the need to select and wire individual colored lenses, buzzers, and lamps.

Schneider Electric, a world leader in control and signaling components, continues to provide innovative and efficient operator interface solutions with the Harmony range of push buttons.
